The Medical College of Pennsylvania

The President

TO THE CLASS OF 1988

Dear Graduates:

Your graduation from The Medical College of Pennsylvania represents a momentous occasion.

Both you and your alma mater anticipate a time of great challenge...and great opportunity, for the future of academic medicine in this country. Advances in science and technology, changes in funding regulations and sources, and dramatic increase in the needs of the elderly present us with unsolved questions as well as the tools with which to answer them. Our future success will not come easily, but I urge you to continue the intense devotion that you have exhibited during your stay at MCP. I am confident that you will be the eternal student wishing to learn the many new developments in the health professions.

I am certain that your education and memories of MCP will continue to serve you throughout your careers. Your efforts, with the support of your families, teachers and friends, have prepared you to meet the challenges of the future with skill, confidence and compassion. We look forward to your leadership of our society in the years ahead and sharing your successes.

On behalf of everyone at The Medical College of Pennsylvania, I congratulate you. We hope to see you often as you embark on your chosen profession.

Sincerely,

D. Walter Cohen, D.D.S.

Dad & Mom: You both deserve honorary degrees for helping me through this. Thanks for everything.

Surely, life is not merely a job, an occupation; life is something extraordinarily wide and profound, it is a great mystery, a vast realm in which we function as human beings. If we merely prepare ourselves to earn a livelihood, we shall miss the whole point of life; and to understand life is much more important than merely to prepare for examinations and become very proficient in mathematics, physics, or what you will. J. Krishnamurti

Thanks to Mom and Dad for all their love and support throughout the years, especially the last four. To Jim H.-R. and Chris O. for two years of coffee breaks. To Pop Maisiey for all his help. To Dana and Christian for reminding me that life is not all work and no play. And, most of all, to my wife, Denise, for her never ending love, patience and support, and for helping me realize that my family is my most precious possession. Through fun times and rough times, you have always been able to make me smile. Thank you for being there.

We see you, see ourselves and know
 That we must take the utmost care

 Like an eagle rounding out the morning

Each deed you do, each act,
binds you to itself
and to its consequences
and makes you act again
and yet again.
Then, very seldom do you come
upon a space,
a time like this,
between act and act.
When you may stop and simply be
or wonder who after all
you are.

Many thanks to my parents

for without all of you,
